GOVERNMENT OF MADRAS
Agriculture (Food Production) Department.

Memorandum No. 40751 F.P.VI.(B)/55 dated 14-1-1956

Sub: AGRICULTURE - Iron and Steel for agricultural purposes -
retail distribution by Registered Stockholders - Limits
fixed for recommendation by the various officers -
Instructions issued.

Reads: From the Director of Industries and Commerce, Madras
Letter No. L.Dis.112775/V8/55 dated 13-12-1955.

Iron and steel quotas for agricultural purposes are being allocated to this State each quarter by the Government of India and they have stressed from time to time that care should be taken to see that these stocks are not misused or diverted for non-agricultural purposes.

1. Under the existing system, the quantities of iron and steel received from the Government of India are being distributed to the agriculturists for use for agricultural purposes and the agricultural fabricators in this State for manufacture of agricultural implements. The supply of iron and steel is made available to the agriculturists for agricultural purposes by the Registered stockholders in this State on applications duly recommended by the officers of the Agricultural and Revenue Departments in their districts. The Government have considered in consultation with the Director of Industries and Commerce, Madras the question of making this permit system fool proof. They consider that the present practice followed by the Director of Industries and Commerce seems fairly satisfactory. As a measure of abundant caution Government however, consider that the recommending Officers must satisfy themselves completely about the genuineness of the applications and particularly that applications are not made to more than one officer - i.e. regarding entries against item 5 of the application.

2. The Director of Agriculture, Madras and the Collectors of all districts are requested to issue instructions to their subordinate officers concerned including the Block Development Officers and Project Executive Officers accordingly.
